Representative Jonathan Brostoff announces committee assignments for 2015-16 session

Milwaukee – Representative Jonathan Brostoff (D-19) announced today that Assembly Democratic Leader Peter Barca (D-Kenosha) has selected him to serve on five committees for the 2015-2016 legislative session: Aging and Long-Term Care, Financial Institutions, Mental Health, State Affairs and Government Operations, and Ways and Means

“Jonathan has the perfect background, motivation, and determination to ensure his constituents’ values and needs are reflected on these committees,” Assembly Democratic Leader Barca said. “He brings a unique perspective to these important issues and I am confident he will represent his committees and district well.”

“I am deeply honored to be chosen to serve on these important committees,” Representative Brostoff said. “I look forward to being a strong voice for the 19th Assembly District on these issues by advocating for those with complex medical needs and working to advance the progressive agenda of our state.”

For the last 17 years Brostoff has shown dedication to supporting vulnerable community members through both professional and volunteer positions. Through working and volunteering with a variety of community organizations he has seen, first hand, how much work there is to be done.
